

addressable::Structure

```
classDiagram
    class addressable_Structure["addressable::Structure"]
    class memoryoracle_container_Container["memoryoracle.container.Container"]
    memoryoracle_container_Container --|> addressable_Structure
```

The diagram illustrates a class hierarchy. At the top is a white box representing the 'addressable::Structure' class, which is divided into three horizontal sections. Below it is a grey box representing the 'memoryoracle.container.Container' class, also divided into three horizontal sections. A blue arrow with an open triangular head points from the top section of the grey box to the bottom section of the white box, indicating that 'memoryoracle.container.Container' inherits from 'addressable::Structure'.

memoryoracle.container.Container
